

## Planting Workday at the Morrisville Riverfront Preserve Entryway

[Saturday, November 2 10 am.](#) (Rain date [Sunday, November 3, 10 am](#))

Please join us as we continue our restoration efforts at the Morrisville Riverfront Preserve. We will be clearing weeds and planting a variety of understory trees, shrubs and perennials to create a more attractive naturalized garden at the entry area of the Preserve.

Bring gloves. Spades, shovels or other planting tools are helpful.
