George McClay

Emergency Manager

Dear Morrisville Residents,

As we experience a very challenging time for our country and community, I want to reassure you that your emergency services are operating 24 hours a day with no interruptions in vital municipal services.

- ❖ The police department continues at full capacity with two officers on patrol in our neighborhoods 24 hours a day.
- ❖ Emergency Medical Services (Capital Health) has one ambulance continually operating with back up ambulances available when necessary-only a very short distance away.
- ❖ Our fantastic **volunteer** fire department also continues at full capacity to serve the community on a daily basis.
- ❖ The road crew continues typical operations to ensure that our town is maintained properly and lastly,
- ❖ Borough administrative staff remain available on a daily basis by phone or email to service the community as needed.

We wish to assure you that Morrisville remains a safe community in which to live and work during this time of COVID-19 crisis. While playgrounds have been closed by Governor's orders, the fields remain open at our local parks for children to safely run and ride their bikes. I encourage families to practice safe-distancing while getting outdoors to play in the parks and walk our canal remaining active as the Spring blooms.

Wishing you the best of health,

George McClay
Emergency Manager
