

## Storm & Weather Information

### **9/01/2021 - Storm IDA Remnants:**

We're anticipating wind, heavy rain and potential flooding in our area starting tonight, damage caused by the storm may cause power outages.

To report power outages contact **PECO: 1-800-841-4141**

If you see a broken tree limb lying on a power line or likely to fall on a power line, please do not touch it. Please report it by calling **1-800-841-4141**. Always try to avoid tree limbs near power lines and do not make contact with the tree. If possible, also notify neighbors to stay clear.

### **Tips that can help you keep your family safe in any disaster or emergency:**

**Prepare an emergency kit:** Pack the essentials and make sure everyone in your family knows where to find the kit.

**Power up:** Charge your phones and electronic devices in advance of a potential outage.

**Prepare for outages:** If you rely on refrigerated medicine or medical equipment, make sure you have a back-up plan in case you lose power.

**Operate generators safely:** If you do lose power and use a generator, make sure it's operating safely in an outdoor area.

**Stay Informed:** Check media for alerts and updates.

**Please stay home if you're able to, if you must travel, please monitor the latest road conditions and weather updates. Everyone is urged to take this storm seriously, be cautious and stay safe.**
